Special Issue: Physiological Principles of Animal Production

Dedication vi

Acknowledgements vi

Foreword vii

Mathematical modelling of metabolic regulation and growth
A. Danfær (Tjele, Denmark) 1

The description of animal form and function
P.N.T. Wells (Bristol, UK) 19

In vivo monitoring of tissue function and metabolism using positron emission tomography
F. Chollet (London, UK, and Toulouse, France) and R.S.J. Frackowiak (London, UK) 35

Physiological and metabolic implications of conventional and novel methods for the manipulation of growth and production
J.C. MacRae and G.E. Lobley (Aberdeen, UK) 43

Exogenous and endogenous effects of growth hormone in animals
J.J. Kopchick and J.A. Cioffi (Athens, OH, USA) 61

The regulation of postnatal growth: nutritional influences on endocrine pathways and function of the somatotrophic axis
B.H. Breier and P.D. Gluckman (Auckland, New Zealand) 77

Concluding Remarks
J.M. Forbes (Leeds, UK) 95

List of Participants 97

Guide for Authors 101

VOL. 27 NO. 2 **FEBRUARY 1991**

Genetic variation and covariation for growth, parasite resistance and heat tolerance in tropical cattle
M.J. Mackinnon, K. Meyer and D.J.S. Hetzel (Rockhampton Mail Centre, Qld., Australia) 105

Roughage intake of Simmental, Brown Swiss and Holstein Friesian cows fed rations with 0, 25 and 50% concentrates
L. Gruber, R. Steinwender, K. Krimberger (Irdning, Austria) and J. Sölkner (Vienna, Austria) 123
Substitution of roughage by concentrates for dairy cows
P. Faverdin (L'Hermitage, France), J.P. Dulphy, J.B. Coulon (Ceyrat, France), R. Vérité (L'Hermitage, France), J.P. Garel (Condat, France), J. Rouel (Rochefort-Montagne, France) and B. Marquis (L'Hermitage, France) 137
Performance of lactating Simmental cows fed two diets differing in the content of digestible intestinal protein (PDI)
P. Susmel, M. Spanghero, B. Stefanon and C.R. Mills (Udine, Italy) 157
Response of ewes of Mediterranean sheep breeds to subcutaneous implants of melatonin
A. Lopez Sebastian (Madrid, Spain) and E.K. Inskeep (Morgantown, WV, USA) 177
The effect of selection for rapid lean growth on the dietary lysine and energy requirements of pigs fed to scale
C.P. McPhee, K.C. Williams and L.J. Daniels (Yeerongpilly, Qld., Australia) 185
The effects of the dietary inclusion of sida meal (Malvaceae) for gilts on the reproductive performance, apparent digestibility, rate of passage and plasma parameters
Z. Mroz and A. Tarkowski (Lublin, Poland) 199
Effects of recombinant porcine somatotropin on growth and carcass traits in Meishan pigs
H.A.M. van der Steen, J. van Dijk, P.N. de Groot and E. Kanis (Wageningen, Netherlands) 211
A new scheme for describing horse coat colour
J.J. Lauvergne (Jouy-en-Josas, France), M. Silvestrelli (Perugia, Italy), B. Langlois (Jouy-en-Josas, France), C. Renieri (Perugia, Italy), D. Poirel (Jouy-en-Josas, France) and G. Galizzi Vecchiotti Antaldi (Piacenza, Italy) 219
Stationary performance testing of stallions from the Dutch Warmblood riding horse population. 1. Estimated genetic parameters of scored traits and the genetic relation with dressage and jumping competition from offspring of breeding stallions
H.A. Huizinga, J.H.J. van der Werf, S. Korver (Wageningen, Netherlands) and G.J.W. van der Meij (Utrecht, Netherlands) 231
Stationary performance testing of stallions from the Dutch Warmblood riding horse population. 2. Estimated heritabilities of and correlations between successive judgements of performance traits
H.A. Huizinga, S. Korver (Wageningen, Netherlands) and G.J.W. van der Meij (Utrecht, Netherlands) 245

Short Communication

Preliminary results on between and within twin set variation in insulin-like growth factor I (IGF-1) and some relationships with performance traits in identical twin heifers
M.E. Davis and M.D. Bishop (Columbus, OH, USA) 255

Book Review

Connective tissue in meat 263

VOL. 27 NO. 4 **APRIL 1991**

Effect of treating dairy cows of three breeds with recombinantly derived bovine somatotropin for three years
J.K. Oldenbroek, G.J. Garssen, J. ten Napel, J.C. Verplanke (Zeist, Netherlands), A.C.G. Brown and L.J. Jonker (Windlesham, UK) 265
Hormonal changes during lactation in cows of three different breeds
D. Schams (Freising-Weihenstephan, Germany), F. Graf (Munich, Germany), B. Graule, M. Abele and S. Prokopp (Freising-Weihenstephan, Germany) 285
Intake, rumination, reticulo-rumen fluid and particle kinetics, and faecal particle size in heifers and cattle fed on grass hay and wilted grass silage
J. van Bruchem, M.W. Bosch and S.C.W. Lammers-Wienhoven and G.A. Bangma (Wageningen, Netherlands) 297
Effect of feeding level in the gilt during pregnancy on voluntary feed intake during lactation and changes in body composition during gestation and lactation
J.Y. Dourmad (L'Hermitage, France) 309
Optimization of a model to estimate residual feed consumption in the laying hen
P. Luiting and E.M. Urff (Wageningen, Netherlands) 321
